# Introduction

The *Information Bulletin of Australian Criminology* is published quarterly. However, there will not be a Vol 1, no. 4 as it has been decided to change the volume numbers at the beginning of each calendar year (instead of June of each year). It contains information regarding current and recently completed research, past and forthcoming seminars in Australia and bibliographical activities of the J.V. Barry Memorial Library. It also generally aims to encourage a greater exchange of information between all persons interested in Australian criminology. Papers from published conferences and chapters in monographs will be indexed.

The success of the *Information Bulletin* depends to a large degree on material contributed to it by its readers, and persons who would like a statement of their research to appear or wish to publicise conferences or seminars are invited to complete the appropriate forms supplied with each issue and return them to the address below.

Readers will appreciate that the information contained in the *Information Bulletin* can only be as accurate and reliable as its source.

The Australian Institute of Criminology hopes that the services provided by this publication prove valuable to those interested in criminology and looks forward to the continued interest and assistance of its readers.
